

PAVER CARE MULTI-SURFACE STAIN REMOVERS & CLEANERS

The importance of cleaning before sealing

When sealing new concrete pavers for the first time, it is essential to clean the surface in its entirety to prevent the formation of whitish efflorescence stains that could remain trapped under the sealer's protective film.

Older pavers are oftentimes stained with dirt, motor oil, grease, rust, and other organic residues.

That is why it is of utmost importance to clean these stains with the appropriate cleaner before applying any surface protector. Sealing dirty pavers will never give the intended results and might even compromise the longevity of the sealer.

Whether it's for the seasonal cleaning of pavers or the pre-seal preparation of a surface, Techniseal® offers an extensive line of stain removers and specialized cleaners for consistent high-end results.

THE TECHNISEAL® ADVANTAGE THE ULTIMATE CLEANING SYSTEM

CLEAN all existing stains (starting from the lowest point) to avoid trapping them under a protective sealer or limiting its effectiveness.

PREPARE the entire surface of concrete pavers to open up the pores for deeper penetration, better adhesion and added durability of a protective sealant.

PROFESSIONAL-GRADE OIL & GREASE REMOVER

- Dislodges deeply set petroleum-based products, motor and hydraulic oil
- Dries into a powder for easy cleanup
- Ideal for bare surfaces and older, stubborn stains

950 ml 60102032

DIRT & GREASE CLEANER

- Removes motor oil and grease (BBQ)
- Dissolves, dislodges and encapsulates grease
- Ideal for sealed surfaces and fresh stains

1 L 60102031

RUST REMOVER

- Removes stains caused by steel, rusted metal objects and fertilizers
- For bare or previously sealed surfaces
- Will not discolour pavers; does not contain muriatic acid

1 L 60100115

ORGANIC STAIN REMOVER

- Effectively removes moss, mildew, dead leaves, wine, blood and non-greasy food stains
- Requires minimum scrubbing

700 g 60102044

PAINT, TAR AND RUBBER REMOVER

- Dissolves paint, tar or bitumen, rubber and chewing gum

• Water-rinsable

1 L 60100111

PAVER RESTORER

- Removes haze created by some polymeric sands
- Removes stains generated by pavers and slabs cuts

4 L 60200243

18,93 L 60201005

HD PAVER PREP

- Dislodges efflorescence and ground-in dirt
- Prepares pavers before the sealant application
- Brightens up the colour of pavers

4 L 60200206

18,93 L 60200207

ONCE PAVERS ARE CLEAN AND SURFACE PREPARATION IS COMPLETE, CHOOSE ONE OF FOUR FINISHES OFFERED BY TECHNISEAL® PROTECTORS FOR BEAUTIFUL AND DURABLE PAVER INSTALLATIONS.
