

PAVER EDGING

8-FOOT RIGID PAVER EDGING

CUT on THE GO Design System

Techniseal[®]'s 8-FOOT RIGID PAVER EDGING is the only edging that can be cut directly on the ground, making installation a breeze. Lengths join seamlessly with the integrated connectors.

"Lobster Tail" design allows installer to double-spike, eliminating any risk of frost lift. It is also handy for spike off-set, in case of obstruction below grade.

For maximum strength at all times, use Techniseal's
